“ Crow was always like family, when I lived on the Hwy in the little White House our well would go out and he would come and get it started going again. I don't think he ever charged if he did it wasn't much and we sure couldn't afford much at the time..
He also used his water tank truck on the grown at the Clay County Saddle Club, the grown had to be tilled then sprinkled with water to keep down dust. He always acted like he enjoyed being with the people from far to near.
He and Mable will always have a special place in my heart.
Love you all and so sorry for his loss, no it is our loss.
